

KES IIMSS 2009 – 2nd International Symposium on Intelligent Interactive Multimedia Systems and Services

Mogliano Veneto, near Venice, Italy
(hosted by the University of Milan)
16-17 July 2009

Invited Session of [KES IIMSS 2009](#):

IS02: Signal, Image and Information Processing Based on Computational Intelligent Techniques

Important Dates

- | | |
|---|--------------------------|
| - Submission of Papers: | January 23, 2009 |
| - Notification of Acceptance: | February 23, 2009 |
| - Publication files for final papers to be uploaded onto PROSE by: | March 23, 2009 |

Contact Details

Chairs:

Prof. **Claudio Turchetti**
DIBET – Dept. of Biomedical Engineering,
Electronics and Telecommunications,
Università Politecnica delle Marche
Via Breccie Bianche, I-60131 Ancona, ITALY
Phone: +39 071 2204848
Fax: +39 071 2204835
Email: c.turchetti@univpm.it

Dr. **Paolo Crippa**
DIBET – Dept. of Biomedical Engineering,
Electronics and Telecommunications,
Università Politecnica delle Marche
Via Breccie Bianche, I-60131 Ancona, ITALY
Phone: +39 071 2204541
Fax: +39 071 2204464
Email: pcrippa@deit.univpm.it

Advances in multimedia applications and technologies have led to a rapid increase in the intelligent processing of signals, images and information. In this context there has been a growing interest in applying techniques of computational intelligence for building effective and efficient methodologies handling these kind of signals. This special section therefore aims at bringing together researchers working in various fields of image, signal and information processing in order to consolidate the existing and propose new techniques based on computational intelligence. We encourage contributions presenting both novel algorithms and applications, especially those (but not restricted to) regarding real-time and/or low-complexity processing.

Instructions for Authors

All papers for [KES IIMSS 2009](#) must be submitted in electronic form as a PDF document using the [PROSE](#) software review system. The link to the Online Paper Submission and Login System is placed [here](#). Please click on [Submit Paper Page](#) and select "IS02: Signal, Image and Information Processing Based on Computational Intelligent Techniques". When you submit your paper to the PROSE, it is strongly recommended that the electronic copy of the paper is also sent via e-mail to both the [Chairs](#). Papers must be formatted according to the Springer instructions to be found [here](#). Instructions are provided for preparing the document using MS Word or LaTeX. Papers should not exceed 10 pages in Springer format. Papers longer than this will be subject to an additional charge.

Accepted papers will be published by Springer Verlag, as book chapters in a volume of their Engineering Series and indexed in ISI conference publications, EI, INSPEC, etc. Authors of outstanding papers presented at [KES IIMSS 2009](#) will be invited to submit extended versions of their papers for a Special Edition of the Journal of Multimedia Tools and Applications, published by Springer-Verlag. Every paper must have at least one author who has registered for the conference with payment by the Early Registration Deadline for the paper to appear in the proceedings.
